3. I instructed [redacted] to be sure that any dealings with Yost were reported to this office (either me, Mary, or Chuck [redacted]), and that if any documents needed to be sent to him, they were to be sent via OLL. [redacted] intends to invite Yost to lunch with either the D/ or DD/OGI, and asked that I attend as well. I told [redacted] we would vouch for Yost's clearances and clear him with Security, but OGI will handle his invitation and clearances along with those of other seminar participants.
